

QUALITY POLICY

PPH "PARYS" Sp. z o.o. commenced its operations in 1991. The core activities of the company include the distribution of cosmetics, automotive chemicals, and car accessories; production and bottling of operating fluids; comprehensive services for wholesale customers; and the manufacturing of plastic packaging.

The management system based on the PN-EN ISO 9001:2015 and PN-EN ISO 14001:2015 standards is another step in the company's operations confirming its continuous improvement. This ensures customers that by collaborating with our company, they can be confident in receiving the best quality of offered products.

We implement the quality management system policy through the following objectives:

1. Production and sale of products in compliance with applicable legal regulations and standards, maintaining safety standards, and meeting the requirements of our customers.
2. Strengthening the company's position in the market.
3. Expanding the product range and ensuring a constant focus on product quality.
4. Continuous development of operations and continuous improvement as a response to changing market demands.
5. Providing an individual approach to each customer to meet their specific requirements.

These goals are achieved through:

- Employee Training: Investing in training for the workforce to enhance skills and knowledge.
- Technological Infrastructure Development: Continuously developing and upgrading technological infrastructure.
- Collaboration with Trusted Suppliers and Subcontractors: Maintaining partnerships with reliable and highly reputable suppliers and subcontractors.
- Continuous Improvement of Management System through Quality: Implementing ongoing improvements to the management system with a focus on quality.

The Company's Management recognizes this quality policy as the foundation for the company's development, emphasizing that understanding and implementation at all organizational levels are crucial conditions for gaining and maintaining the trust of customers.
